

PHOTOGRAPHY APP

Discover the story behind the pictures and get behind the lens with the National Geographic Traveller (UK) Photography Magazine. This digital-only magazine, in app format, offers a practical behind the scene look at how the magazine creates its photographic stories, whilst giving great tips and tutorials on how to improve your own photography, and offer an insight into the people who make those shots happen, and the equipment needed. National Geographic is a brand synonymous with you-are-there photography, and this new app from the Traveller portfolio gives you a taste of what it's like to be part of the creative process.
